## **SCHEDULING FACILITIES**

### **Policy**

Scheduling use of recreational facilities has been delegated to the Oak Run Homeowners Association (ORHA) by the Developer, subject to the Developer's final authority. It is the policy of the Developer that activities and programs shall be open to all residents except private activities cleared by ORHA.

The ORHA Scheduler is a non-voting officer of the ORHA Board of Directors organization and is appointed by the ORHA Board. The Scheduler may name as many assistants as he or she deems necessary. These assistants must be approved by the ORHA Board.

The goal of scheduling is to enable maximum use of facilities by groups, clubs, organizations, and individuals and to prevent exclusion of new users. The ORHA Board reserves the right to preempt use of a facility at any time for business of the Association, for Oak Run Health Fairs and Flu Shot Clinic. Special consideration is given to performing arts groups in the two weeks prior to their event and memorials of residents.

Clubs, groups and organizations may make an annual request to meet once every other month. Clubs, groups and organizations which involve physical activities, cards, games, crafts, or music may make annual request to meet more frequently (daily, weekly, bi-weekly).

Groups that meet more than once a month may be preempted in favor to a single event (private party/special event). It is the goal of the ORHA Board to limit any preempting to no more than once a month.

Neighborhood groups may request a facility reservation twice each year.

Oak Run residents may request a facility reservation for private activities, providing that use is for the Oak Run homeowner or resident and not for an outside entity. ORHA Board approval is required.

All clubs, groups and organizations are required to submit a Room Request on an annual basis.

Additional room reservations for all clubs, groups, organizations, neighborhoods, and residents are handled on a first-come first-scheduled basis, after all Oak Run established clubs, groups, and organizations have been scheduled.

### **Procedure**

Requests for use of a facility are made on the Room Request form, provided by the Scheduler. Facilities are scheduled for ORHA Board meetings and ORHA/Ambassador events prior to other requests.

Priority shall then be given to annual requests for same room assignments as in the prior year, first to Standing Committees, and thereafter to other clubs, committees an activities, but not for more than the prior year's approved assignments. Room Requests may be submitted after May first and before October first for the following year.

Failure to submit annual request for facilities could result in the facility being scheduled for other users.

5

A special room request by a private party or by a club that would preempt another group may be approved by the Scheduler only if the group being preempted agrees to give up their meeting or activity.

NOTE: The time period requested shall include setup, actual function, and clean-up. This requested time must be adhered to in order to respect the requested time of others.
